Billing Rights Summary

In Case of Errors or Questions About Your Bill

If you think your bill is wrong, or if you need more information about a transaction on your bill, write us at the address shown on your bill as soon as possible. We must hear from you no later than 60 days after we sent you the first bill on which the error appeared. You can telephone us, but doing so will not preserve your rights. In your letter, give us the following information.

- Your name and account number.
- The dollar amount of the suspected error.
- Describe the error and explain, if you can, why you believe there is an error. If you need more information, describe the item you are not sure about.

You do not have to pay any amount in question while we are investigating, but you are still obligated to pay the parts of your loan that are not in question. While we investigate your question, we cannot report you as delinquent or take any action to collect the amount you question.

In case of errors or questions about your electronic transfers, telephone us at 1-800-221-7555 or 1-406-651-AFCU (2328) or write us at Altana Federal Credit Union, 3212 Central Ave, Billings, MT 59102, as soon as you can, if you think your statement or receipt is wrong or if you need more information about a transfer on the statement or receipt. We must hear from you no later than 60 days after we sent you the FIRST statement on which the error or problem appeared.

(1) Tell us your name and account number (if any).
(2) Describe the error or the transfer you are unsure about, and explain as clearly as you can why you believe it is an error or why you need more information.
(3) Tell us the dollar amount of the suspected error.

We will investigate your complaint and will correct any error promptly. If we take more than 10 business days to do this, we will credit your account for the amount you think is in error, so that you will have use of the money during the time it takes us to complete our investigation.

Tax Information

The amount of dividends received as shown on this statement is reportable as "Interest Earned" on your Income Tax Return.

If dividends are $10.00 or more the amount of dividends will be reported to the Internal Revenue Service, and forms 1099 will be prepared and mailed to members.

Please Retain This Statement for Your Records.

The **"interest charge"** is inclusive of all costs for the credit including what previously was termed "interest". It is computed at the time a payment is received by multiplying the loan balance by the number of days it has been outstanding by the periodic rate as shown on the face of the statement. Since the number of days between payments varies, interest charges appear to increase or decrease.

Loan balance does not include interest, interest due is computed by multiplying the loan balance by the periodic rate per day as shown on the statement and then multiplying the result by the number of days from the last loan transaction to the current date.

"As required by law, you are hereby notified that a negative credit report reflecting on your credit record may be submitted to a credit reporting agency if you fail to fulfill the terms of your credit obligations."
